Container Statistics ▼

About Container Statistics

The information presented on this website is provided free of charge. When sourcing this data, please credit the Port of Los Angeles.

Provided statistical breakdowns include monthly and annual container counts measured in Twenty-Foot Equivalent Units (TEUs), a standardized maritime industry measurement used when counting cargo containers of varying lengths.

Statistics for the prior month are released on or around the 15th day of the following month. For more information, contact the Port's Media Relations Division at [\(310\) 732-0430](tel:3107320430) or [click here](#) to send an email.

To be added to the Port's email distribution list, scroll down to the footer of this page to subscribe through eAlerts. After entering your name and email address, be sure to check the CARGO UPDATES box.
