District Information

The division of MAC Districts is based on the population and number of DCs in each district with the geographic size of the districts given consideration. These [districts](#) allow for equal representation of the DCs of Michigan, with most DCs being within easy driving distance to district meetings.

Because of its large geographical size, District 8 DC members may elect to have sub-districts, to facilitate the accessibility of meetings.

It Pays to Attend District Meetings!

In addition to helpful camaraderie and practice information, you will receive a voucher for a reduction off MAC dues or MAC CE programs for each District meeting you attend. The vouchers can be combined or used individually. All you need to do is attend a meeting, sign in, and your voucher will be mailed to you. This is one way the MAC is giving back to our dedicated doctors!

Thank you for your ongoing support!
