After discussions with key stakeholders and feedback from industry-leading concrete and masonry associations, World of Concrete made the proactive decision to reschedule WOC 2021 from January to June. The decision to move the dates back several months was not easily reached; however, we felt it was the right choice for all involved. WOC will now take place June 8-10, educational offerings June 7-10, at the Las Vegas Convention Center.

“We have a commitment to our exhibitors and attendees to provide a valuable and productive face-to-face experience at WOC each year,” said Jackie James, Group Director, World of Concrete. “This is the first time in our 46-year history we have been faced with circumstances that have caused us to reschedule the event. We feel the new June dates will provide everyone with the necessary time to plan effectively, and allows us to reimagine WOC for a different time of the year. Moving the event from winter to late spring in 2021 will allow for additional outdoor activities everyone can enjoy in the great city of Las Vegas, including top-notch exhibits, new product demos, and exciting spectator events.”

The Las Vegas Convention Center (LVCC) has been awarded the [Global Biorisk Advisory Council \(GBAC\) STAR facility accreditation](#) by ISSA, the Worldwide Cleaning Industry Association. The GBAC program is considered the gold standard for safe facilities, and was designed to control the risks associated with infectious agents, including COVID-19. World of Concrete is also one of the first large-scale events to occupy The Las Vegas Convention Center’s \$980 million West Hall expansion in June, which will add 1.4 million square feet of space to the existing 3.2 million square foot campus. In addition to the exhibit hall, the expansion will feature a striking outdoor plaza, a grand atrium and state-of-the-art design and technology. We look forward to continuing our role in driving the industry forward, connecting communities and supporting businesses. We look forward to seeing you in Las Vegas in June 2021. We will also continue to post updates on our website as soon as they become available.

Registration for WOC 2021 will open online in early 2021.

COVID-19: All Informa events will continue to prioritize the health and safety of Colleagues and Customers and will be run in accordance with official government and local authority guidance, as well as any venue or location-specific regulations. Informa AllSecure adds a further layer of best practice standards and guidelines. This comprehensive set of enhanced measures has been designed to provide Colleagues and Customers with confidence that at any Informa event around the world, from an international exhibition to a local conference, we are striving to provide the highest standards of safety, hygiene, cleanliness and quality.
