Communicating with Families

Family Survey

How do you rate the job our schools and district are doing in managing the situation of school closures caused by the coronavirus?

Fifty-seven percent of families reported That one or more individuals in their household have lost their jobs due to COVID-19

Celebrating the Class of 2020

LA County Department of Public Health:

No in-person graduations allowed. Prohibits drive-up or drive-in ceremonies

Individual and District-wide VIRTUAL GRADUATIONS will be offered

Summer of Learning

THE VOYAGE OF THE TITANIC

James Cameron - the award-winning director of Titanic, Avatar and Aliens is inviting students to embark on a "Voyage of the Titanic."

Students will learn about biology and physics of the deep ocean, underwater exploration, artifact conservation and learn about survivors' stories.

ANIMATION

Illumination - the creators of Despicable Me, Minions, The Secret Life of Pets and Sing - will share with students the process of making an animated film.

They will help students learn to draw, animate and create their own stories.

ENVIRONMENTAL SCIENCE

A class in environmental science will prepare students to think globally and act locally.

Students will learn about conservation and climate change as they make drawings of the world around them.

SCIENCE OF SPORTS

The Los Angeles Chargers are part of a class which will focus on the science, nutrition and medicine of sports with all sorts of practical advice on a healthy lifestyle.

SPACE EXPLORATION

The Columbia Memorial Space Center will help with classes about space exploration.

Students will learn about astronomy, planets, comets, galaxies and technology used to explore space.

MUSIC

Fender Guitars will provide the opportunity for 1,500 middle school students to learn to play the guitar or ukulele.
