Blank Outline Levels

The legislature occasionally skips outline levels. For example:

- (3) A person may apply [...]
- (4)(a) A person petitioning for relief [...]

In this example, **(3)**, **(4)**, and **(4)(a)** are all outline levels, but **(4)** was omitted by its authors. It's only implied. This presents an interesting challenge when laying out the text. We've decided to display a blank section with this note, in order to aide readability.

Trust but verify. [Here is the original source for section 229](#)
