ADA C.E.R.P.[®] | Continuing Education Recognition Program

The MDDS is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. MDDS designates courses for the number of CE hours listed with each course. MDDS credits are approved by the AGD for Fellowship and Mastership credits.

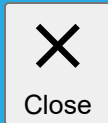

Course Disclaimer: MDDS makes every effort to present high caliber speakers in their respective areas of expertise. MDDS courses are offered as information only and not as financial, accounting, legal or other professional advice. Attendees must consult with their own professional advisers. In addition, each participant must decide the merit and practicality of the material presented. The ideas and comments expressed during the courses are not necessarily endorsed by or are those of MDDS. MDDS warns attendees about the potential risks of using limited knowledge when integrating new techniques into your practices.
