Featuring Cisco executives, IT technology leaders, and inspiring speakers we'll showcase powerful technology solutions and innovations, with some fun and entertainment mixed in.

IT Heroes Channel

Featuring breakout sessions and demos, we'll dive straight into technical information and insights, with expert-led sessions covering a range of topics including security, collaboration, 5G, Wi-Fi 6, and more.

Innovation Channel

Exploring the IT solutions and strategies that are essential to businesses today, from securing your data and empowering your teams to transforming your infrastructure and reimagining your applications.

IT Leadership Channel

Designed to cultivate the special mix of business acumen and technological expertise needed to help you and your organization succeed, this dynamic channel includes both leadership and technical sessions.
