Dear Cal Expo & State Fair Fans:

The possibility of reopening Cal Expo as the region's most attended event facility is exciting, but our immediate goal is to help all Californians cross the finish line and beat back COVID. To this end, we are currently using every resource at Cal Expo to help the Governor meet his goal of reopening the state's economy by June 15th. The more people we can vaccinate, the sooner our region and the State can reopen.

For more than a year now, Cal Expo has risen to help meet the challenges presented by the COVID pandemic. As a Vaccination Super Site, between 5,000 to 6,000 persons each day were being vaccinated at Cal Expo, and we may reach 10,000 persons a day as vaccine supplies increase and vaccinations are opened up to broader age groups

We have been receiving many inquiries about when and how Cal Expo will reopen, and it may be several more months before we have clear answers. However, we know that the public and our many business partners understand that Cal Expo must continue to operate as an emergency response facility until such time as we can all enjoy life post-pandemic. While we remain vigilant with our four emergency COVID response programs, we will continue to work with Health Officials to obtain guidance on reopening Cal Expo when it is deemed safe to do so – hopefully later this summer.

[#MoreThanAFair](#)

Sincerely,
The Cal Expo & CA State Fair Team
