⁴ Revenues associated with operations independent of or unrelated to the primary missions of the institution, although they may contribute indirectly to the enhancement of these programs. Generally includes only those revenues associated with major federally funded research and development centers. Net profit from operations owned and managed as investments of the institution's endowment funds is excluded.

⁵ Includes sales and services of educational activities.

⁶ Constant dollars based on the Consumer Price Index, prepared by the Bureau of Labor Statistics, U.S. Department of Labor, adjusted to a school-year basis.

NOTE: Data in this table represent the 50 states and the District of Columbia. Degree-granting institutions grant associate's or higher degrees and participate in Title IV federal financial aid programs. Includes data for public institutions reporting data according to either Governmental Accounting Standards Board (GASB) or Financial Accounting Standards Board (FASB) guidance. Data in this table pertain to institutions' fiscal years that end in the academic year noted. Some data have been revised from previously published figures. Detail may not sum to totals because of rounding.
